Happenings of the Day in Various Parts of the Nation's Capital.

A freckled newsie, with a shock of deep red hair protruding from his cap, thrust an afternoon paper before the face of a serious student as the latter was leaving the law school of George Washington University. "Big accident," cried the newsie, excitedly. "Only three more papers left!" "What's the accident now?" asked the serious student. "Big fire!" was the shrill answer. "One hundred souls lost! Want a paper?" The serious student invested a cent and ran his eyes over the first page. "Here boy," he exclaimed, "where does it say there were a hundred souls lost in a fire?" "Look on market page," returned the newsie, busy with another customer. "A shoe factory burned up."

WHAT TO DO WHEN HAIR GROWS THIN

Give the Hair Root Nourishment and
Stop Spread of Baldness.

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity because baldness usually comes from carelessness and anyone who gives the hair just a little attention should have an abundance of good healthy hair. Dandruff and dirt help to cause baldness by clogging the pores in the scalp and giving the dandruff germs fertile ground for prolific breeding. The treatment is very simple; remove the dirt by shampooing and destroy the dandruff germs by frequently applying a twenty-cent real Parisian Sage (liquid form), a most efficient preparation that the best druggists everywhere are now recommending as one of the quickest and safest treatments to surely stop itching scalp and falling hair, remove all dandruff and to properly nourish and invigorate the hair roots. Parisian Sage is also the discriminating woman's favorite hair dressing because it gives her hair a softness and luster that fascinates and compels admiration. A generous bottle costs but little from Gilson's Drug Stores who guarantee it to you.—Advt.

"YOU'RE GOING BLIND!"
Many people have found this true when it was too late. Eyes should be tested at frequent intervals. Our Dr. Baker, an expert oculist, will give you FREE consultation and examination. The correct glasses will be prescribed, when needed, and properly fitted. Our low prices may be paid \$5c a week.

Castelberg's, 935 Pa. Ave.

the Interior Department, for the benefit of the Home Club, will be presented at the Casino Theater tonight. The play has been one of the leading attractions for inaugural visitors. The largest attendance since the presentation started is expected tonight.

Visitors Pass Library By.
The Library of Congress did not appeal to inaugural visitors this year as in former years, only 24,000 persons having inspected the building Monday. This is said to be the smallest attendance at the library on an inauguration day for many years. On President McKinley's inauguration day 68,000 visitors went through the library.

Another G. W. U. Play.
Owing to the success of "A Night Off," which was presented by the George Washington University Players at Central High School on the night of Washington's Birthday, another play will be staged in April or May by the university organization. The selection of the play has not yet been made, but many plays are under serious consideration.

Art Exhibit Being Held.
An exhibition of industrial art as applied to house furnishing and interior decoration is being presented by the Arts Club of Washington at 2017 I street northwest. The exhibit will be open to the public daily from 9 a. m. to 10 p. m. until March 19. It is expected that the exhibit will become an annual event, with all Washingtonians interested in these branches of art presenting their work to the public.

To Tell of Red Cross.
The work of the Red Cross in the European war will be described by Eliot Wordsworth, acting chairman of the central committee of that organization in the boys' department of the Y. M. C. A. on Friday evening at 8 o'clock.

8 o'clock. Mr. Wordsworth has considerable first hand information on the work of the Red Cross, it is stated, and will present a number of stories of human interest.

Canyon and Volcano.
Two illustrated lectures, of half-hour duration each, will be given at the Thompson School building, Twelfth and I streets northwest, at 8 o'clock tomorrow evening. The first will be on "The Grand Canyon," by N. H. Darton, and the second on "The Eruptions of Mt. Lassen," by J. S. Diller. The proceeds will be used for the benefit of the Franklin-Thompson School Association.

Talks On Salesmanship.
The importance of psychology as applied to salesmanship was discussed by Dr. Stanley L. Krebs, salesmanship and efficiency expert, in an address last night before the Salesmanship Club of Washington, at a meeting in the Raleigh. The most successful salesman, said Dr. Krebs, is the one who is the most thorough student of psychology. Dr. Krebs gave a number of illustrations showing the essential qualifications of the successful salesman.

WILLS SHOT THAT HIT HIM
Civil War Veteran Bequeaths Bullet to His Nephew.

PHILADELPHIA, March 7.—A bullet shot into him by a Confederate soldier at the battle of Gettysburg is bequeathed by Lieut. Col. Thomas Chamberlain to his nephew, William B. Chamberlain, of Torrendale. When wounded Chamberlain was a major in the 115th Pennsylvania regiment. He was operated upon in a field hospital, and on his recovery the surgeon presented to him the bullet he had removed.

MANY CHURCHES TO JOIN BIBLE STUDY

"Follow-Up" for Gypsy Smith
Services Will Be Held
For One Week.

More than 100 Protestant churches of Washington will be represented in the Interdenominational Bible Institute and Conference which is to be held in the Mt. Vernon Palace M. E. Church South, for one week, Sunday, March 11 to Sunday, March 18, inclusive. The meetings which were planned at this time for a "follow up" for the Gypsy Smith meetings, will be directed by Dr. James M. Gray, D. D., Dean of the Moody Bible Institute, of Chicago, Ill. Dr. Gray is well known as a minister and author, and especially as a Bible teacher and expositor at Bible conferences here and abroad. His best known work is on Synthetic Bible Studies. The first meeting, Sunday March 11, at 3 o'clock, will be addressed by Dr. Gray on the subject "Scriptural Prophecy and War; or Is the Bible Antagonistic to War?" The final address will be given by Dr. Gray on the following Sunday on "The Second Coming of Christ—What It Means."
